EXPERIENCE

Teaching Assistant, Central Grader, Learning Assistant   January 2022 - Present
2U (University of Richmond)   Richmond, VA

2U delivers high-quality digital education. Partnered with University of Richmond to teach Full-Stack Web Development. Serve as sole operator of Saturday office hours in addition to grading homework and projects, providing technical guidance to students, and teaching course material both in a remote Zoom class setting and direct messaging.
Key Accomplishments:

- Graduated the program and became a Teaching Assistant and Central Grader shortly afterwards
- Consistently rated 10% above average weekly by students for academic support
